

Senior Course Outline

NCEA Level Two (Y12) Subject Information

2023

The purpose of this booklet is to inform students, parents and whānau about the courses (subjects) available to students in 2023. It is important that you make informed choices that relate to your future career and interests.

It is most important that you make the right choices for you, and create a timetable that is challenging, engaging and stimulating for 2023. You need to think carefully about your option choices, as well as get advice and information from your teachers, Deans and the websites recommended within this booklet.

While we cannot guarantee that you will be able to select subjects in all the areas that you like, we hope you can access classes that meet most of your needs and interests and for those other interest areas there is the possibility of joining the correspondence learning community.

Helpful Links

The Ministry of Education has put together a number of resources and websites in order to better provide information to our students on NCEA, the vocational pathways and career choices. Here are some of the key websites that you can go to and be better informed.

<http://youthguarantee.net.nz/vocational-pathways> - gives information about Vocational Pathways

<http://www.studyit.govt.nz> - useful study tips for breaking down standards into chunks of learning

<http://studytime.co.nz/> - useful videos, study cards and past exam papers to help with learning

<http://www.careers.govt.nz> - information about careers, quizzes to find out what career suits you

Explanation of NCEA

NCEA stands for National Certificate of Educational Achievement. It is the formal qualification of New Zealand secondary educational system. Throughout the year students will work to gain credits towards NCEA at levels One, Two and Three. These roughly follow, but not necessarily exclusively, to Year's 11, 12 and 13. At the start of the following year students will receive an NCEA certificate as well as a record of results that shows the actual standards and the results that the student achieved in each standard.

Here is a link to a promotional video explaining the basics of NCEA

<http://www.nzqa.govt.nz/qualifications-standards/qualifications/ncea/understanding-ncea/how-ncea-works/video/>

Getting an NCEA Qualification

Level 1 Certificate	80 NCEA Level 1 Credits or above* WITH Numeracy - 10 Credits (EITHER from specified standards OR Unit Standards in the Numeracy package) AND Literacy - 10 Credits (EITHER from specified standards OR Unit Standards in the Literacy package)
Level 2 Certificate	60 NCEA Level 2 Credits or above* (20 carried over from Level 1) WITH Level 1 Numeracy AND Literacy
Level 3 Certificate	60 NCEA Level 3 Credits or above* (20 carried over from Level 2) WITH Level 1 Numeracy AND Literacy
Vocational Pathways Award	80 NCEA Level 2 Credits (where 20 are carried over from Level 1) WITH 60 Level 2 credits from standards associated with the recommended pathway OF WHICH 20 credits are from sector related standards
Course Endorsement	14 credits at Merit OR Excellence within a single subject area and school year At least 3 of these must be from externally assessed standards (exams) and 3 from internally assessed standards (some subjects have exceptions including PE, Religious Studies and Visual Art)
Level Endorsement	Merit Endorsement - 50 credits at Merit (or Excellence) at the Level or above Excellence Endorsement - 50 credits at Excellence at the Level or above i.e. a Level 2 student can gain NCEA Level 2 with Excellence if they achieve Level 2 with 50 of their 60 credits at the Excellence level from standards that are Level 2 or above
University Entrance#	NCEA Level 3 PLUS 14 credits in 3 approved subjects PLUS University Literacy (10 Level 2 Literacy credits, 5 writing and 5 reading^) and Numeracy (10 L1 Numeracy credits)

*Credits can be used to count back i.e. Level 1 can include Level 1, 2, 3 or 4+ credits. Level 2 can include Level 2, 3 or 4+ credits. Level 3 can include Level 3 or 4+ credits.

Some University courses have specific requirements for entry e.g. require a certain subject to be taken at Level 3.

^ Various Level 2 and 3 subjects can offer these credits. You will notice in the subject information the codes **UE R**, **UE W** or **UE B** are given. These correspond to **University Entrance Reading**, **University Entrance Writing** or **University Entrance Both** (reading **AND** writing).

BYOD

BYOD stands for Bring Your Own Device. All students will need to look after their own device and bring it each day charged for their learning. The device could be in the form of a chrome book, laptop or ipad but not a cell phone.

If you do not have or are unable to purchase a device, Paeroa College will provide a lease device, a bond payment of \$100 will be charged and returned at the end of the year if the device is returned in good condition.

Vocational Pathways

Students should either be aiming for course/level endorsements or a Vocational Pathways Award (currently this is only available at Level 2). Vocational Pathways can best be described as a planned method of getting the skills and experiences that will best get you into a future job. There are 6 areas defined as key vocational pathways and these cover pretty much any career that you can think of. The areas are:

Construction & Infrastructure, Creative Industries, Primary Industries, Manufacturing & Technology, Services Industries and Social & Community Services. Having a Vocational Pathways award gives students a greater chance of obtaining apprenticeships and getting into relevant tertiary programmes.

Students that know what they want to be in life generally find subject selection an easier process – they pick subjects that are best suited to their pathway. If you are not sure of what career/job/vocation you would like a great place to start is the Careers website <http://www.careers.govt.nz/>.

From here you can navigate through pretty much any job you can think of. It will tell you lots of information from job prospects, income streams, places to train, and subjects at school to pick (*find this tool plus many others at the bottom of the careers NZ webpage*).

Gateway

GATEWAY

- is designed to strengthen the pathway for students to progress from school to workplace learning
- provides students with structured workplace learning across a range of industries and businesses, while they continue to study at school
- delivers hands on, practical learning that leads to nationally recognised qualifications
- Builds students' workplace experience, helping them move smoothly from school to work.

Availability

Gateway is available to senior secondary students (Year 12 and Year 13+) at Paeroa College

Placements

Students have an opportunity to work in such industries as Building, Engineering, Farming, Childcare, Retail, Motor Engineering, Horticulture, Electrical, Hospitality, Plumbing, Catering and Hair Dressing.

Gateway students generally spend one day a week in the workplace and usually do this for 10 weeks

Benefits For students

- an opportunity to build skills for employment and working in real workplaces
- an opportunity to try out potential careers and build links to Industry Training Organisations, modern apprenticeships and workplaces

Gateway Staff at Paeroa College

Pauline Kisling: Gateway Co-ordinator (Liaison and Placements)

Denise Grimmer: Pathways Co-ordinator (Qualifications and Industry Training Liaison)

Trades Academies & Correspondence

WAIKATO TRADES ACADEMY 2023

The Waikato Trades Academy (WTA) is a secondary-tertiary partnership which allows Year 11, 12 and 13 secondary school students to study at Wintec while still at school, getting the benefits of both worlds.

The WTA gives students a head start; gaining specific and practical experience and skills in an industry based setting, and the opportunity to move directly into a job or apprenticeship, or further study, on completion of secondary school.

The Academy provides sector related credits required to earn a Vocational Pathway Award on your NCEA Level 2 and NCEA Level 3 qualifications.

Outcome

Participants in this programme will gain the knowledge and skills required to make decisions about career and higher level study pathways within their chosen vocational pathway.

Programmes

WTA Year 1 (Level 2) programmes:

- [Vocational Pathway - Manufacturing and Technology Sector \(Level 2\)](#)
- [Vocational Pathway - Manufacturing and Technology Sector \(Longveld\) \(Level 2\)](#)
- [Vocational Pathway - Construction and Infrastructure Sector \(Level 2\)](#)
- [Certificate in Electrical Engineering \(NCEA Level 2\)](#)
- [Vocational Pathway - Services Industries Sector - Hairdressing and Beauty Therapy \(NCEA Level 2\)](#)
- [Vocational Pathway - Services Industries Sector - Café Skills \(NCEA Level 2\)](#)
- [Vocational Pathway - Social and Community Services Sector \(NCEA Level 2\)](#)
- [Outdoor Experience Level 2](#)

WTA Year 2 (Level 3) programmes:

- [Certificate in Building and Construction \(Level 3\)](#)
- [Certificate in Educational Achievement in Mechanical Engineering \(General\) \(Level 3\)](#)
- [Certificate in Educational Achievement in Automotive Engineering \(Level 3\)](#)
- [Certificate in Service Industries Sector Level 3](#)
- [Certificate in Educational Achievement in Exercise Science \(Level 3\)](#)

Correspondence

Correspondence offers students the chance to study a subject that is currently not on offer in their own school OR if there is a clash of subjects.

Correspondence allows you to study for a subject that is not available at your school or when you have a clash of subjects. You will be provided with learning booklets and an online tutor who will give you advice and guidance as you go.

For a full list of subjects on offer through the Correspondence School go to:

<https://www.tekura.school.nz/subjects-and-courses/>

University Entrance (this may be relevant for 2024)

Students intending on further education at University need to ensure that they have 'University Entrance'. Essentially this is a specified additional layer to the Level Three NCEA Qualification. The specifics are that students will need **all** of the following...

- NCEA Level 3 (the standard 80 credits)
- Three subjects - at Level 3 made up of: 14 credits each, in three approved subjects (see the list below).
- **Literacy - 10 credits at Level 2 or above, made up of: 5 credits in reading and 5 credits in writing**
- **Numeracy - 10 credits at Level 1 or above.**

University Approved Subjects available at Level Three at Paeroa College (you will need 14 credits from three)...

- | | |
|----------------------|---|
| ● Biology | ● Health |
| ● Chemistry | ● Business Studies |
| ● Art | ● Geography |
| ● Drama | ● Science (<i>combination of Biology, Physics & Chemistry</i>) |
| ● English | ● Technology (<i>combination of Home economics, DVC & Hard Materials</i>) |
| ● Mathematics | ● Te Reo Māori |
| ● Physical Education | |
| ● Physics | |

For a full list of possible UE approved subjects go to

<http://www.nzqa.govt.nz/qualifications-standards/awards/university-entrance/approved-subjects/>

UE Literacy - Typically this means that students intending to go to University will need to have a successful year of **Level Two English** OR specifically target standards from other subjects. Here is a link to the specific standards offering Reading and Writing Literacy

<http://www.nzqa.govt.nz/qualifications-standards/awards/university-entrance/literacy-requirements/>

You will notice in the subject information the codes **UE R**, **UE W** or **UE B** are given. These correspond to **University Entrance Reading**, **University Entrance Writing** or **University Entrance Both** (reading AND writing).

It is important that a student intending to go to University selects subjects in Year 12 that allow them a pathway through to University Entrance in Year 13.

Paeroa College Academies

All senior students will take an academy as part of their years work. Students will select two academies for the year, one being done in Semester 1 and the other on Semester 2. The academy will run over a whole day each week and will aim to engage students in working on an authentic, real world problem or issue that has been identified by either a teacher, group of students or community or ideally a combination of the three. Each academy will offer standards with a total value of 8 to 10 credits, they will be student centred and driven by the students' passions and interests.

Academies will be chosen early in 2023, below is a list of possible areas of learning for the 2023 academy subjects:

- Sports
- Outdoor Education
- Soft Materials Technology
- Wearable Arts
- Sculpture
- Photography
- Café
- Mahinga Kai
- Performing Arts
- Community Service
- Māori Performing Arts
- Te Ao Māori
- Design and Build
- Gateway

Level Two NCEA at Paeroa College

Students take **7 subjects** at Year 12 and are aiming to gain 60 credits (20 are carried over from Level 1) in order to obtain their Level 2 NCEA Certificate. They should select subjects that relate to their interests and future career. If unsure it is best that students select a range of subjects that will both keep their future options open and provide them with a programme that they are interested in. Students should choose subjects that allow them to achieve a Vocational Pathways Award and/or Subject/Level Endorsement.

Of these 7 subjects they must take an academy, the other 5 subjects chosen are up to them. Their seventh choice is Academic Tutoring where students are under supervision in a classroom with time to complete work, catch up on missed work, complete academic tracking or complete extra standards.

YEAR 12 CAMP

All Year 12 students will need to attend a year level camp near the start of Term 4. This camp is all about experiencing a range of different cultural activities as well as learning some key life skills. Students will spend three days together improving their relationships and getting to know those they don't usually mix with. There will also be several experiences that will push them out of their comfort zones. The contribution donation will be \$100 for this camp.

WHAT DO I DO NOW?

1. Read through the courses in this booklet that are on offer to you for 2023
2. Make note of the ones that interest you or those that you need for your future
3. Look at the lines on the last page and choose one subject on each line

REMEMBER:

- ☐ You need to select 5 subjects
- ☐ You will also take ACA
- ☐ You will select an academy for Semester 1 early next year

02 BIOLOGY OUTLINE 2023

Description of Course

This course will enable you to develop an understanding of the living world and how it affects you. You will achieve this by investigating, researching, modelling and reasoning, and will build on your ability to make evidence-based conclusions. The key areas of learning are ecosystems, adaptations, genetics and evolution and cellular biology. The course will have two main contexts: Ecology and Adaptations AND Genetics and Evolution.

02 DIGITAL TECHNOLOGY OUTLINE 2023

Description of Course

This is a course in which students develop a software solution for a “client”. There are two standards in this course. In the first (inquiry) standard, students develop a design for a program for a client. In the second (programming) standard students develop a computer program that meets the requirements of the client. Typically, students might build an inventory system for a business.

02 D.V.C. OUTLINE 2023

Description of Course

This course introduces students properly to product and spatial designs. They need to explore and refine design ideas by drawing on research for inspiration. They also need to justify their design decisions by making judgements on the positive and negative of their ideas, considering both how it looks and how it works. Students will communicate their designs through design portfolios using a variety of presentation methods, including sketching and rendering.

02 LIFE SKILLS (CAREERS) OUTLINE 2023

Description of Course

Life Skills gives you the opportunity to make a specifically targeted resume with a cover letter so that students recognise their skills and abilities. Group work will lead to planning and setting up a flat and this will lead on to budgeting and financial literacy. As well as this there will be an opportunity to follow a vocational based individual learning plan which can lead to a work placement. This course is also about getting ready for the world of work, exploring options available using the latest job search skills and will also include a workplace component. It also includes some personalised learning.

02 MATHEMATICS OUTLINE 2023

Description of Course

This course is made up of Maths internals with an optional external.

The course will contain a combination of Mathematics standards. Students will develop their trigonometry skills as well as their statistical skills. Networks is a different type of Maths to look forward to.

- You will learn sine and cosine rule and be able to subdivide blocks of land.
- You will look at data and how to deliver the findings using computer programs and reports.
- You will learn about the networks that exist and what makes them effective e.g road & rail.
- You will be able to go onto Level 3 Statistics or Mathematics with this course.

This course will involve some short class trips looking at Networks i.e the rail trail. Also looking at trigonometry in buildings or construction. A class trip to see a simulation in action as well.

- This course will involve guest speakers who can demonstrate how much Mathematics has helped them in their careers.

02 TE REO MĀORI OUTLINE 2023

Description of Course

Level two (2) NCEA Te Reo Māori students are developing more comprehensive language modes of reading and writing. Students at this level learn to explore ideas from a Māori perspective forming reasons to support their ideas. Students learn differing forms of writing modes including descriptive writing and report writing. The aim of this is to begin building competence in extensive language forms and grammatical structures. Many of the kaupapa at this level will focus around their local community and Iwi events. Once Internal assessments are completed students will prepare for level 2 external exams. Students completing level 2 will go up to level 3 Te Reo Māori, mauri ora.
